LEAF COLLECTION TIME

It is the time of year in Narrandera - town of trees, when the season has changed and the majority of leaves have dropped. The leaf collection truck is now in action and has begun collecting leaves throughout the township.

For the collection to occur effectively and efficiently, residents are asked to please follow these steps:

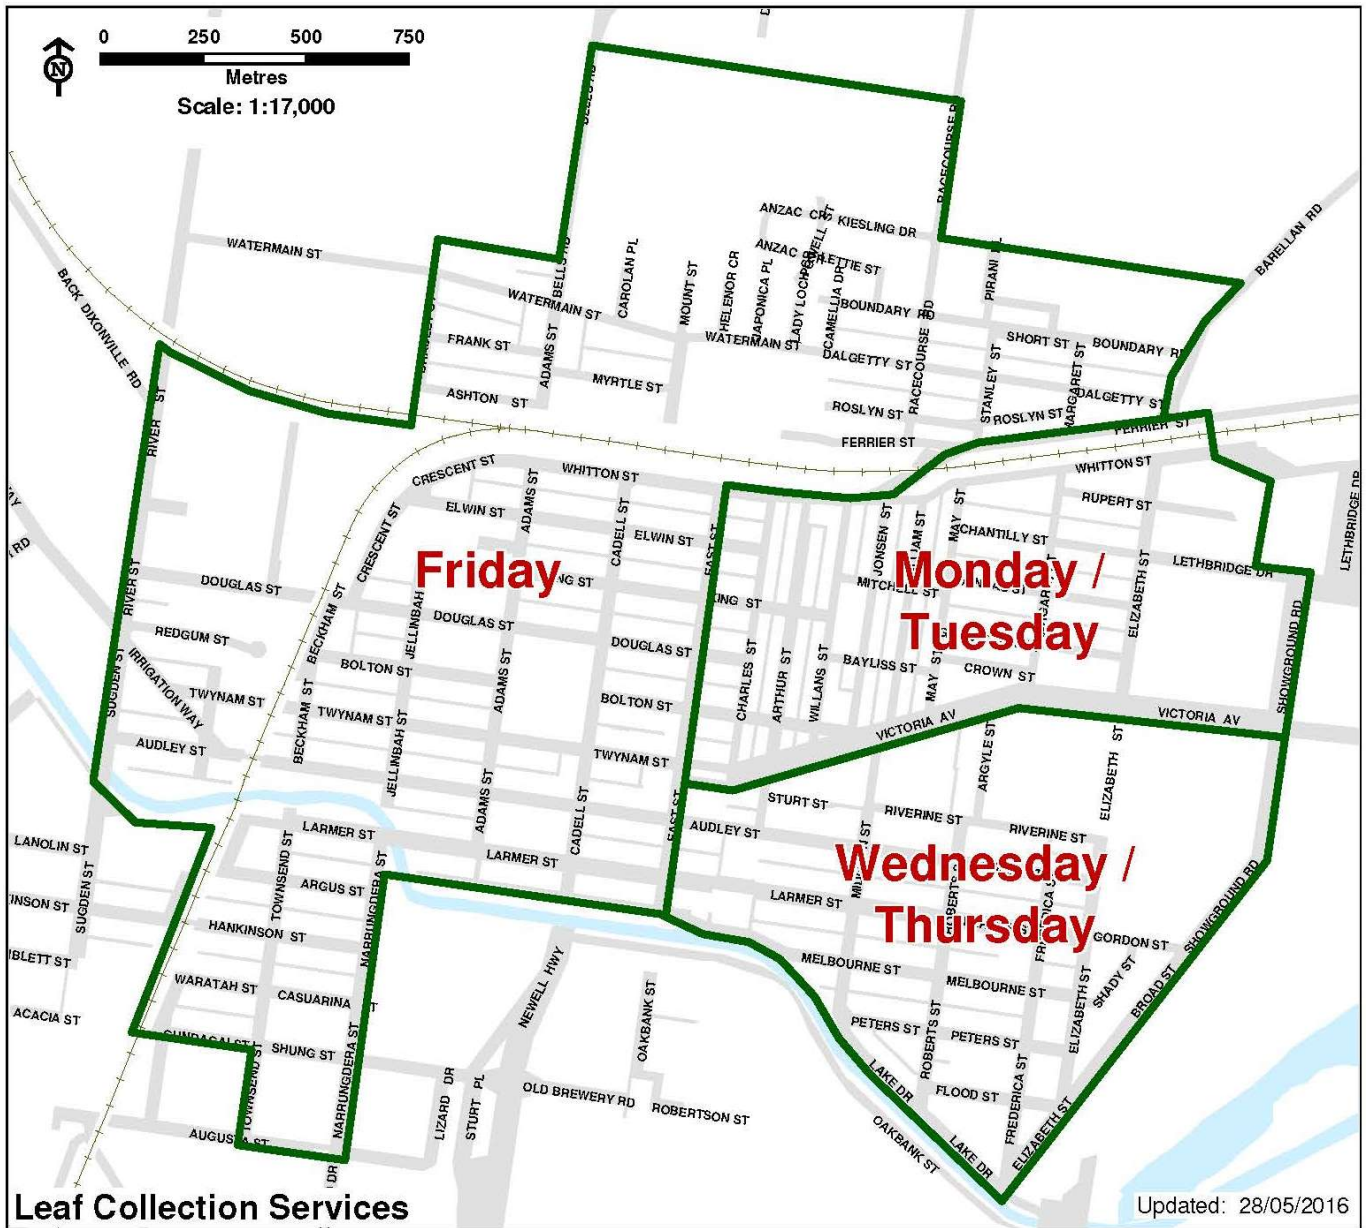

1. Rake leaves into small piles in street gutters or easily accessible piles.
2. Only include leaves in the piles.
3. Do not rake and pile leaves around the base of trees as this can injure the trees.
4. Finally, please do not burn leaves.

Other materials, such as tree limbs, rocks and cans, can damage the machine, delaying the collection process, and may cause injury to the operator. Piles containing prunings, rocks, bricks, pieces of timber, etc will not be collected.

The leaf collection truck will conduct collections in specific areas daily, following the same sections as the street sweeper. To ensure all areas are covered weekly Council will not deviate from the map. This is subject to any variation that may be required due to mechanical failure, unacceptable weather conditions or inability to collect all leaves in that area on those days.

Narrandera Shire Council would like to thank the Narrandera community for their patience and assistance during this period.
