CAN YOU SEPARATE FACT FROM FICTION WHEN IT COMES TO DRUGS AND ALCOHOL?

Community members can test their knowledge of drugs and alcohol at the Drug and Alcohol Info Hub currently on display at Narrandera Shire Library.

The Drug and Alcohol Info Hub is an interactive travelling display program that provides up to date and accessible information about drugs and alcohol and identifies support networks and agencies within the local community.

This initiative from Drug Info at the State Library of NSW aims to educate the community on the different types of legal and illicit drugs that are available and the effect that they have on your body. The interactive hub on display at the library provides access to quality drug and alcohol information for all members of the community.

“Our focus is to provide the community with the latest and most reliable information, and raise awareness of the impact of alcohol and drugs on health and social well-being,” said Narrandera Shire Council’s Library Manager, Sue Killham.

Drug Info is a partnership between the State Library of NSW and the NSW Ministry of Health.
